Co., 12 brake arms ... 6.72 one 3-k.w. transformer ... 45.90 G. F. James, supplies, Feb. ... 4.45 Kelowna Carriage Works, 2 street drain screens ... 2.00 L. S. Chamberlin, supplies, Feb. 5.75 Collett Bros., teaming and work in the Park, Feb. ... 41.75 Crawford & Co., supplies, Feb. 21.30 W. R. Glenn, 4 days' hauling rock and sand ... 24.00 Burroughs Adding Machine and stand ... 116.50 Kelowna Saw Mill Co., lumber and hauling sawdust, Feb. ... 102.35 Canada Foundry Co., undercharge on pump purchased during 1911 ... 57.14 Northern Electric Co., 300 lbs. No. 6 wire ... 62.00 D. Leckie, account, Feb. ... 24.91 Okanagan Telephone Co., telegrams, Feb. ... 11.58 Okanagan Telephone Co., telephone service, March ... 18.25

A letter was read from Mr. H. J. S. Reynolds, secretary of the Association Football Club, asking for the use of the Park for practice games and matches. On motion of Aldermen Sutherland and Copeland it was resolved to grant the request, subject to the approval of the Park Committee. Mr. F. R. E. DeHart addressed the Council in regard to the proposed extension of Water St., to which objection had been taken on the ground that it was a crooked street. He said, however, that it could be put through straight. He was Mayor when Ellis St. was extended, and there was no agreement made with Messrs. Crowley and Buckland, that, in return for land given by them for Ellis St., the City would undertake not to extend Water St. through their property. In connection with the A. & T. ground, a trade was made with Crowley and Buckland, and they were paid at the rate of \$400 per acre for any additional land required. He favoured the purchase of a strip of land from them, by means of which and from \$50 to \$100 worth of work done on filling a slough, people living in the vicinity of Manhattan Beach would be afforded ready access to Ellis St. and a good road to town. The Mayor stated that Mr. Buckland still claims that there was an arrangement with the Council the year that Ellis St. was extended, and that on account of it Crowley and Buckland transferred 6 acres to the City, but only charged for four. The Board of Works would take up the matter, and on behalf of the Council he thanked ex-Mayor DeHart for his statement. Mr. J. R. Greenfield, P. O. Inspector Vancouver, wrote for information as to the population of Kelowna, area of the city and amount of business done in the local office, as material on which to base a report to the Public Works Department on the advisability of erecting a public building here. The City Clerk was instructed to push the matter at present, if only a third-class building could be got, as he understood Kelowna was rapidly nearing second-class rank, and by waiting a year or so it might be possible to get a second-class structure. The City Clerk was instructed to supply the desired information. A letter was received from Mr. R. B. Kerr, drawing attention to the extraordinary custom apparently peculiar to Kelowna, of building stairways without hand-rails, thus constituting a danger and inconvenience in business and public buildings to aged and infirm persons. He urged that municipal legislation be passed to compel the provision of handrails on all staircases. The letter was referred to the Fire Protection and Buildings Committee, who, it was stated, were considering some amendments to the By-laws in regard to building requirements. The following letter from Mr. A. Bruggman, solicitor, Armstrong, was received with audible smiles: "Armstrong, B.C., Mar. 5, 1912. "City Clerk, "Kelowna, B. C. "Re Wm. R. Kendrick. "Dear Sir,— "I am instructed by Wm. R. Kendrick, now of Armstrong and late of Kelowna, that some time ago he was arrested, tried and convicted of theft in Kelowna; that when he was arrested certain articles belonging to him were taken from him by your Chief of Police Mr. MacRae; that after serving his term in Kamloops he returned to Kelowna and upon demanding the return of his goods and chattels, he found that a new Derby stiff hat had been crushed and destroyed while in the custody of your police and the mouthpiece of his cornet had been given by your Chief of Police to the Secretary of the Band; that the mouthpiece had been filed and destroyed so far as Mr. Kendrick is concerned. These goods should have been carefully kept by your Chief of Police and returned to Mr. Kendrick in as nearly the same condition as when taken from him as is possible, and in the case of the hat and mouthpiece there should be no change whatever. As you are aware, Mr. Kendrick is a professional musician, plays only the cornet; makes his living that way and has for a length of time earned \$55 per week and can do so again. This mouthpiece is one on which he had always played from the time he began as a boy to learn the instrument till he became one of the best performers on the cornet in America, holding positions as leading cornet player in some of the greatest bands, including Sousa's, on the continent. This mouthpiece became invaluable to him and the loss of it has seriously impaired his earning power as a musician by lessening his power to play. Your Council may be sure that this is a serious matter for Mr. Kendrick and is being taken up seriously. For the sake of an amicable settlement and without prejudice to any further claim that may be made by legal process if an amicable settlement be not reached, he is willing to accept \$2,000 for the mouthpiece and \$8 for the hat. "An early reply is requested. "Yours truly, "A. BRUGGMAN."

Ald. Sutherland stated that he had interviewed the President and the Secretary of the Band, who stated that the articles referred to in the letter had been kept safely while Kendrick was in gaol, and had not been tampered with in any way. When Kendrick returned from Kamloops the hat was offered to him by Constable MacRae, but he refused it. It was beneath the dignity of the Council, he considered, to take any notice of the letter. This view was shared by his colleagues, and the letter will therefore be ignored. Messrs. Thos. Lawson, Chairman, and W. R. Trench, of the Board of School Trustees, were in attendance and presented the estimates of the Board for the current year, as follows:

extraordinary custom apparently peculiar to Kelowna, of building stairways without hand-rails, thus constituting a danger and inconvenience in business and public buildings to aged and infirm persons. He urged that municipal legislation be passed to compel the provision of handrails on all staircases.

The letter was referred to the Fire Protection and Buildings Committee, who, it was stated, were considering some amendments to the By-laws in regard to building requirements.

The following letter from Mr. A. Bruggman, solicitor, Armstrong, was received with audible smiles:

GYMNASTIC ENTERTAINMENT

Enjoyed by Large Crowd

Over three hundred people, including several ladies, attended the gymnastic entertainment in the Opera House, on Friday evening, and evidently much enjoyed the programme provided. Dr. Huxley acted as chairman.

The performance was given by the Kelowna Fire Brigade and Athletic Club, assisted by a team from Okanagan College, Summerland, headed by the Rev. A. W. McLeod, trainer, and including Messrs. W. Simpson, L. Paton, F. Menzies, J. McDougall, T. Young, H. McLeod, J. McLeod, L. McLeod, C. C. Campbell, J. Graham and A. Cunningham, with Miss Edna McLeod as accompanist.

The first item was a musical dumb-bell drill by nine of the team, led by the trainer. A large number of movements were rhythmically executed, and the exhibition was followed with much interest by the audience. Mr. L. V. Rogers gave a solo which evoked much applause.

The Summerlanders then gave an excellent display of their proficiency in swinging Indian clubs, in which six took part under the direction of Rev. Mr. McLeod.

W. Simpson and L. McLeod, two small chaps from Summerland, went through three bouts on the mat. They wrestled as hard as big fellows, the first bout resulting in an inconclusive draw. The second showed great defence work on the part of McLeod, who was frequently in danger from his more skillful opponent but managed to make many clever recoveries, and Simpson was unable to get his shoulders down. In the third, however, Simpson set a faster pace and in a few moments had his gallant adversary on his back.

Middleweight wrestling was put on by T. Young, of Summerland, and G. McDonald, of Kelowna, who had two bouts, both of them won by McDonald, the first in 1½ mins. with a half Nelson and body hold, and the second in 4½ mins. with a further half Nelson. Young made a good struggle of it, but lacked 15 pounds of the weight of his opponent and was evidently overmatched.

Mr. Geo. S. McKenzie won the hearts of the audience with one of Harry Lauder's songs, and to a deafening encore responded with "Tobacco". Hooray! Hooray! did he nae laik braw wi' a Balmoral bannet on his head?

Seven of the Summerlanders showed their skill on the parallel bars, and then came the boxing, which was opened by a fast go between C. C. Campbell, of Summerland, and W. Thompson, of Kelowna, young lads who showed lots of speed and admirable control of temper. They went two 2-minute rounds, with Mr. Pettman as referee, and mixed it well all through. Thompson did well in the first round and, if anything, had the better of it, but Campbell landed some good straight to the head. In the second, Campbell opened up and showed greater speed than his opponent, who seemed to tire somewhat.

E. Hoy, of Kelowna, and L. Paton, of Summerland, a pair of promising lightweights, went three rounds, and some very fast and clever boxing was done. In the first round both boxers bored in, and the pace grew so fast with a hail of blows that it looked at one time as though they were losing their tempers, but it was not so. Hoy did well, considering he is comparatively new at the game, and honours were easy. In the second, Paton's greater experience shone to advantage. He covered up better than Hoy, and did some very neat footwork, but Hoy was game and carried the battle to him. In the third, both boxers showed signs of tiring, no doubt from the fearfully fast pace set in the first, and honours were fairly even.

Mr. McKenzie once more roused the audience to a frenzy of enthusiasm, this time with "Stop You Ticklin', Jock!" and he had to respond to an insistent encore.

The Summerland team gave some very clever stunts on the mat, including a species of somersaulting leap-frog and all sorts of other clever feats, which brought much applause from the audience.

At the close of the programme, Rev. Mr. McLeod made a few remarks expressing the hearty gratitude of the team for their kindly reception. Some people, he understood, thought it was not right to have boxing bouts at such entertainments, but after 20 years' experience in gymnastic work he was able to say that there was no more valuable training for a boy than boxing, both physically and for control of temper. He expressed the hope that before long the people of Kelowna would provide their young men with a handsome, large gymnasium which would afford every opportunity for the development of their physical and moral qualities.

GLENMORE NOTES

Specialty: Contributed

Mr. John Rankin and family are this week moving into their new residence.

Mr. Geo. H. Kerr, also of Sherbrooke, Que., arrived on Tuesday from the East to take up residence in Glenmore. Mr. Kerr's family will arrive a week or two later.

Mr. D. Cunningham, who spent last summer on his property in Glenmore, and who visited in Scotland during the winter, has returned to his home in Glenmore, accompanied by his bride.

Mr. and Mrs. R. W. Andrews, of Sherbrooke, Que., arrived in Kelowna on Tuesday to take up permanent residence in Glenmore. Mr. Andrews spent last summer in the Valley, but returned to his old home in the East for the winter.

Mr. Albert Dawson was called to Vancouver very suddenly last week by the sad intelligence of the death of his father by accident. Mr. Dawson, son, was en route to Kelowna from San Francisco to make his home with his son, when, on passing along a Vancouver street he was run down by a runaway dray team and instantly killed. Mr. Dawson, son, was 85 years of age, but a very well preserved man and in splendid health.

POISONED BAIT

Near Public Roads

East Kelowna, Mar. 11, 1912

To the Editor, Kelowna Courier.

Dear Sir,—Will you kindly allow me space in your paper to call attention to the practice of laying poisoned bait near the public roads in this district, regardless of the fact that there is always a danger of the same being picked up by dogs. Last week, I lost a valuable dog, and what is more, a gentle and faithful friend, through this cause.

I feel sure that all lovers of dumb animals will agree with me that it is high time the law and its officials took the matter up to protect the animals we love. A man who puts out poison, KNOWING the danger, is a despicable coward, and should be treated as such.

Thanking you, Sir, I am,
Yours truly,
D. S. JONES-EVANS.

Seven miners were killed by an explosion in the Diamond Vale Company's mine, at Merritt, last Friday. All the bodies have been recovered.

A KICK

By a Poultryman

Kelowna, Mar. 11, 1912.

To the Editor, Kelowna Courier.
Dear Sir,—It is gratifying to see that Mr. Stockwell is taking such a keen interest in the formation of a Poultrymen's Association, in Kelowna, for it is a long-felt want. Heretofore, we poultrymen were in the habit of getting full price for our eggs, as we took the value out in goods, so that eggs were same as cash. However, this year we are doctored five cents per dozen, getting now 35 cents while eggs are retailed at 40 cents. Any man who has kept track of the cost of feeding poultry, and especially laying stock, knows how far five cents will go towards their maintenance, and what five cents on every dozen means, when cost of feed stuffs is considered. The retailer therefore makes a profit at both ends of the game—first off the feed and then off the product.

Where would the town of Kelowna be if it wasn't for the backing of the people in the country? Where, indeed? We go to town with eggs and are told to be good little boys, and if we keep quiet, maybe get 35 cents for our eggs. However, all that will be changed I hope, when we have our Association, and it will be: WE who shall do the dictating, and not the Generous (?) storekeeper, sitting behind a bulwark of rotten case eggs and filthy at that, imported from goodness knows where. Let the farmers import goods from T. Eaton & Co. and storekeepers as well as others yell "knocker," "cheap guy," etc., and look upon him even with suspicion, but as long as he is willing to "take it laying down," and be treated as a nonentity—he is given the glad hand and a tap on the back and cordially invited to call again—wondrous generosity! But the farmers nowadays, and especially throughout our fair district can no longer be classified as "mossbacks," and are just as good business men as the storekeepers and capable of turning the tables at any stage of the game, and I hope to see the "trick" played before long, through the good efforts of the Poultrymen's Association.

"A wink is as good as a nod to a blind horse," and in connection with the previous paragraph I would remind the storekeepers of the historical story of the Flood and of the McPhersons having their own boat. The advent of the railways will help us all, and in particular, the poultryman.

Yours truly,
GAME COCK.

Bringing back with him six valuable trophies representing indoor and outdoor skating championships of America, O. B. Bush, the one-armed skating champion, who is the fastest short distance performer in the world, returned to Vancouver on Friday, from his tour of the East. The B. C. skater made a big clean-up in the east this season, winning no less than six championships.

RIFLE ASSOCIATION

Militiamen Permitted to Join

The welcome news has been received from the District Staff Adjutant, Victoria, that the Militia Department has given special permission for members of the local squadron, "D," of the B. C. Horse to join the Kelowna Civilian Rifle Association as active members. Ordinarily, militiamen cannot join a Civilian Rifle Association as other than honorary members, and the same applies to civilians who desire to shoot with a Military Rifle Association formed from members of the militia. An awkward situation was thus created here, as the Civilian Rifle Association, while an active shooting body standing high in marksmanship, has had difficulty during the past year in keeping its membership up to the minimum of 30 required by the regulations. The organization of the B. C. Horse seemed to promise a large addition to the membership, but at first it was held by the military authorities that militiamen could not be enrolled as active members. Headquarters now has decided otherwise, thanks to the good offices of Col. Wadmore, District Officer Commanding Military District No. 13, who inspected the Association last fall and expressed himself as much pleased with the high standard of the shooting done last season, and the efficient condition of arms, books and equipment. The difficulty has thus been surmounted, and the Association should have an active and successful season ahead of it.

By kind permission of Major Clarke, the annual meeting of the Association will be held after squadron parade, in the Aquatic Pavilion, on Thursday, March 28th, to pass the 1911 accounts, receive reports, enroll members, elect officers and make arrangements for the commencement of practice, which will probably begin on Good Friday, Apr. 5. All interested in target shooting, whether civilians or militiamen, should make a point to attend.

"D" SQUADRON B. C. HORSE

Orders by U. C.

Headquarters, Kelowna, Mar. 14.

1.—PROMOTIONS.—The following promotions will take effect from this date: Lee-Cpls. J. R. Conway and E. Blackwood to be Corporals.

2.—ORDERLIES for the ensuing week—Lieut. Temple, Orderly Officer; next for duty, Lieut. Pyman. Lee-Serjt. Boyer, Orderly Sergeant; next for duty, Lee-Serjt. Collins.

3.—PARADES—Recruits drill for all men who have attended less than six drills, and semaphore drill for N.C. O's and Scouts, on Tuesday, Mar. 19. Squadron Parade, Thursday, Mar. 21.

4.—RIFLE ASSOCIATION MEETING—Permission to join the Kelowna Rifle Association has been granted to all members of "D" Squadron, 1st B. C. Horse. Immediately after parade on Thursday, March 28, a meeting will be called in the drill hall to appoint a committee to discuss any business in reference to the above.

CHAS. CLARKE, Major.

O. C. "D" Squadron, 1st B. C. Horse.

Gymnastic Entertainment

Continued from page 1

tunity for physical training. (Applause.)

The performance concluded with five tableaux of living pyramids by the Summerland team, and the audience dispersed much pleased with what they had seen.

The visitors were hospitably entertained to supper in Biggin & Poole's by the Fire Brigade Athletic Club, and a pleasant hour or two was spent with songs and speeches.

The next athletic entertainment will be a "smoker," to be held on Wednesday, March 27th, at which a very varied and interesting programme will be presented, and all lovers of clean athletic sport should not miss it.

WATER NOTICE

We, The South Kelowna Land Co., Ltd., of Kelowna, B. C., by occupation a Land Company, give notice that we intend on the 1st day of April next, at eleven o'clock in the forenoon, to apply to the Water Commissioner at his office at Vernon, for a licence to take and use one cubic foot of water per second from Hydraulic Creek, a tributary of Mission Creek.

The water will be used on the W. 1/2 sec. 6, tp. 27; sections 1, 2, 3, 4, 5, and N. 1/2 sec. 6; S.E. 1/4 sec. 6; S. E. 1/4 sec. 8; S. 1/4 of S. 1/4 sec. 9; all in tp. 26; the N. 1/2 of N.W. 1/4 sec. 36; N. 1/2 of N.E. 1/4 sec. 35; N.W. 1/4 sec. 35; N. 1/2 sec. 24; sec. 33, 32; E. 1/2 sec. 31; N.W. 1/4 sec. 28; N. 1/2 sec. 29, and the N. 1/2 of S.W. 1/4 sec. 34, all in tp. 29; N. 1/2 sec. 23, S. 1/4 sec. 36, tp. 28, Osoyoos Division, for Municipal purposes. Plant of diversion Company's intake dam.

WATER NOTICE

We, the Belgo-Canadian Fruit Lands Co., of Kelowna, B. C., by occupation a Land Company, give notice that we intend, on the 20th day of March next, at 11 o'clock in the forenoon, to apply to the Water Commissioner, at his office at Vernon, for a licence to take and use fifty (50) cubic feet of water per second from Mission Creek, a tributary of Okanagan Lake, to be diverted at a point about one hundred feet above East boundary of N. W. 1/4 sec. 8, tp. 27.

The water will be used on townships 23, 24, 25, 26, 27, 28, 29, 30, Osoyoos Division of Yale District, for Power.

We intend to apply at the same time for permission to store 2,000 acre-feet of the said water in a reservoir at N. E. 1/4 sec. 8, tp. 27.

BELGO-CANADIAN FRUIT LANDS

CO., Kelowna, B. C.

F. E. R. Wolstun, Secretary.

Dated this 13th day of February, 1912.

The Belgo-Canadian Fruit Lands Company of Kelowna, B. C., registered on the 20th day of April, 1903, "Companies' Act, 1897."

The objects for which the Company has been established and registered are—

All commercial, industrial, mining, agricultural and land operations in connection with lands and other real estate, situate in British Columbia, and Canada in general, also all that directly or indirectly pertains to such or which would prepare, facilitate, support or develop the objects of the Company, including particularly the purchase and rent of real estate of any nature whatever, the improvement of said real estate and the reselling of same either in blocks or in lots, for cash or on terms of annuities, or otherwise, its exchange or lease, and in a general way all enterprises having for object to build or improve real estate, the manufacture and commerce of fertilizers, the commerce of all products of the soil, the distribution and sale of water and light, the operation of all industries, the purchase, the sale and transformation of all agricultural products, the enterprise, or the participation in all enterprises of railroads and tramways, and of all improvements of the soil of the lands belonging to the Company or to other parties by means of irrigation, drainage, dyking and all other means whose success might contribute to the performance of the Company's objects such as have been set forth here above in a way which however is not limited.

The Company may participate to the organization or to the work of all companies having objects similar to theirs either by subscribing a portion of the capital or other manner. The Company may establish all stores or interest themselves in any enterprise having a similar object.

THE CAN Endows the Motor Car With New and Vital Functions

A FEW OF THE IMPROVEMENTS IN THE 1912 CADILLAC

Automatic electric starting device, current generated by dynamo, which also furnishes current for electric lights and ignition.

Increased power resulting from several motor refinements and new carburetor.

This new carburetor has not only simplified the matter of adjustments, but possesses maximum flexibility and maximum efficiency from low to high speeds without change of adjustment, excepting air adjustment controlled by small lever at the steering wheel.

Wheels and tires. Increased from 34 in. x 4 in. to 36 in. x 4 in.

Brake drums Increased from 14 in. to 17 in. in diameter. Service brake has ratchet to lock if desired

Bodies. New and handsome designs. Steel panels.

Gasoline capacity increased to 20 gallons on all models, excepting Phaeton and Roadster, in which the increase is to 18 gallons.

Gasoline gauge on dash makes emergency tank unnecessary.

Local and Personal News

BORN.—On Friday, March 1, to the wife of Mr. H. F. Martin, a son.

BORN.—On Thursday, March 7, to the wife of Mr. T. A. Woods, a son.

BORN.—On March 13, to the wife of Mr. H. R. F. Dodd, of Okanagan Mission, a son.

Rev. D. J. Welsh was a passenger to Cranbrook on Monday.

Mrs. A. Munson returned this morning from a visit to Penticton.

Messrs. J. Finch and Wm. Davies returned on Friday from a winter holiday in the Old Country.

Mr. W. H. Groskerry has arrived from Weyburn, Sask., and will take up residence at Westbank.

Mr. and Mrs. Mille and family left town last Saturday morning for a visit to Halexon.

Mr. Robert Sutherland, the new Chief of Police, arrived from Winnipeg on Thursday afternoon.

J. McFee, the honourable Pres. of the Shamrock Hockey Club, left this sunny clime last Monday for Ceylon, Sask.

Mr. and Mrs. J. G. Fraser and family left on this morning's boat for Vancouver. A number of friends were down to see them off and wish them good luck.

H. Newhohr, a resident of Peachland, was injured last Monday by falling off a telephone pole. He was brought up to the Kelowna Hospital on Tuesday morning and is progressing favourably, considering the severe shock he sustained by a fall of about thirty feet.

The second annual meeting of the Sunday School Teachers Association will be held in the Methodist Church on Wednesday next, March 20, commencing at 8 p.m. The subject will be "The New Testament," dealt with by the Rev. A. W. K. Herdman, Com.

A distinct novelty in moving pictures will be shown at Dreamland on Friday and Saturday. The feature film is entitled "Rival Dramatics," and is taken from the French play "Chantier." There are some very amusing situations in which the characters appear as giant roosters and hens. This programme also includes a "The Weekly and a regular western howling farce comedy.

At a meeting of the Liberal Association, held on Friday afternoon, the following gentlemen were selected as delegates to the Liberal convention which was held yesterday in Vernon: Messrs. W. Schell, Geo. S. McKenzie, J. Conlin, F. R. E. DeHart, S. T. Elliott, W. R. Trench, J. Reekie, D. McEachern, D. W. Sutherland, H. Burch and T. W. Stirling.

To-day is the first since the beginning of March on which the sky has been at all overcast, and as we write the sun is squinting through the clouds and doing his best to maintain his uneffaced glory of the past two weeks. Such weather cannot be beaten in any Northern latitude. Continuous sunshine with not a cloud in the sky, while cool nights check any tendency on the part of vegetation to make precocious growth.

Continuing the good work done last year, the Provincial Department of Agriculture has arranged with Mr. Thos. P. Hill to take charge of a power spraying plant and demonstrate in local orchards the benefits to be derived from proper spraying with up-to-date machinery. As one outfit cannot cover more than a limited number of orchards, all those who wish to take advantage of the services of the power sprayer should apply to Mr. Hill at once, otherwise they are likely to be disappointed.

In the Police Court, on Monday morning, James Capps and Frank Lockerby were fined \$10.00 each for fighting. Capps drew a knife and attempted to disfigure his companion, but was restrained by a passerby. Max Major, of Duck Lake, was sentenced to three months hard labour for desecrating the grave of the late David McDougall, recently murdered at Westbank, by an act of gross indecency. The land which includes the Duck Lake Cemetery belongs to Major, and it would seem that the Indian Department have been lax in their instructions to the Indians with regard to all burials made, after Major secured his Crown Grant.

Messrs. J. W. Jones, H. W. Raymer, R. F. Morrison, M. Heron and Dr. Dickson were the Conservative delegates from Kelowna who attended the Conservative Convention in Vernon last Tuesday. The Hon. Price Ellison was nominated without opposition, but it is understood that, if sufficient guarantees of Liberal support can be obtained, the large number of Conservatives who are rebellious because of Mr. Ellison's lethargic attitude on the question of redistribution of the Okanagan and indifference to the public wants of the northern and southern ends of his constituency, will place an independent candidate in the field.

Dr. Mathison returned on Sunday from Summerland.

Mrs. J. A. Harvey, sen., returned on Tuesday from Vancouver.

Messrs. D. W. Crowley and A. Morrison went to Vancouver on Friday.

The prize in the Dot Contest at Dreamland last Saturday afternoon went to Reggie Weddell.

Mr. Geo. C. Taylor, representing R. G. Dun & Co., was in town on Tuesday, revising local business ratings.

Mr. J. R. Greenfield, P. O. Inspector, was in town on Monday and Tuesday, gathering statistics to establish the necessity of a public building for Kelowna.

Messrs. G. Meikle, W. R. Trench, D. H. Rattenbury and S. T. Elliott went to Vernon yesterday to attend the Liberal convention.

Messrs. Len and Colin McMillan, who have been employed on the K. R. V. Railway survey during the past few months, returned to town last Saturday.

After leaving the dock this morning, the "Okanagan" emitted an extra whistle and steamed slowly in again. A drowsy looking individual was hurriedly bundled ashore, and the steamer's prow was again headed northward. That passenger must have been a sound sleeper.

About five p.m. on Tuesday, a horse and buggy, belonging to Mr. W. R. Driscoll, of Benvenuto, were "borrowed" by some party or parties, and a diligent search failed to reveal their whereabouts. About midnight the rig was discovered near the Presbyterian Church, in a damaged condition, and the horse was found on Wednesday morning, near Mr. Barlee's residence, several miles out of town. The animal had evidently been driven pretty hard, the thieves showing little regard for either the horse or the vehicle. The police are working on a definite clue and results may be expected at any time. A similar act was committed last fall in town, the horse being found next day in the Rutland district, but the perpetrators were never discovered.

BUSINESS LOCALS

Dr. Mathison, dentist. Telephone 89.

A wreck occurred on the C. P. R. on the main line just west of Revelstoke, last Thursday. One fireman was killed and several passengers had miraculous escapes.

The Alberni Advocate is the latest recruit to British Columbia journalism, the new arrival being introduced by Mr. J. F. Bledsoe, as proprietor and editor.

It is rumoured that the C. P. R. intend to build a line from Yellowhead Pass, or Pine River Pass, through northern B. C. towards Bella Coola. Surveyors are now at work on the Yellowhead Pass route.

By a score of five to one, the New Westminster hockey team defeated Victoria last Friday. The capital city team is thus eliminated as a contender for the Pacific Coast championship.

Mr. John P. McConnell, otherwise "Bruce," of the "Saturday Sunset," has accepted the nomination as the Liberal candidate for the Yale District in the coming election. He promises to put up a good fight.

John Olsen, a native of Sweden, working for the Kettle Valley Railway, committed suicide at Penticton on Thursday. He lay down and placed a stick of dynamite on his chest, and lit the fuse. The body was horribly mutilated.

The work of constructing an up-to-date belt line at Coquitlam, to serve the industrial sites there, will be begun this week by the Coquitlam Terminal Company. The latest improvements for safety and expedition in working will be included.

Fred Beell, light heavyweight champion wrestler of the world, has accepted the challenge of Chester McIntyre, physical director of the Vancouver Athletic Club, and they will meet at the Vancouver Opera House, on Friday, March 23.

Tsikalmut, hereditary chief of the Nanaimo tribe of Indians, better known to the whites of the district as Old Jim, is dead. He had reached past the century span of life, and was probably the oldest Indian on Vancouver Island.

Arrangements have just been concluded by the Provincial Department of Agriculture for the allotment of five demonstration orchards which will fully determine the best varieties for planting and the most successful processes to adopt in the growth of fruits in the different sections of the Kootenay district. Apparently the Okanagan does not require such institutions.

QUALITY ALWAYS

| Estimated cost of proposed new school building and grounds | \$88,000.00 |
| Less Provincial Government grant for proposed building | 35,000.00 |

| | |
|--|-----------|
| Amount to be raised by debentures for building and grounds | 35,000.00 |
| The total ordinary expenditure in 1911 was \$13,548.08, but the increase of \$1,021.32 is small in view of the fact that the amount estimated for teachers' salaries is \$10,250.00 this year as against \$8,504.90 expended last year, an increase of \$8,745.10, due to the employment of additional teachers and higher rates of pay. | |

Mr. Lawson explained the items of the estimates, and said the Trustees would like to confer with the Council in regard to the choice of a suitable site. Replying to Ald. Sutherland, he said the Trustees would like to have the new school finished by October.

The Mayor said a committee meeting would be arranged in order to meet the Trustees and discuss the estimates with them.

For the Electric Light and Water Committee, Ald. Sutherland reported that the contract for the new intake pipe had been given to the lowest tenderer, D. Leckie, at \$635. The test of the new dynamo was being made that day. In the matter of the unsettled account with Dr. Boyce for water service to the O. K. saw mill, it had been agreed that he should pay three rates and all arrears. The Committee would soon have to submit a money By-law, and if any other Committee wanted money they should get their By-laws ready so that all the By-laws could be submitted to the people at the same time.

Ald. Copeland, for the Fire Protection

Committee, reported that they had ordered one hose reel, costing \$85.00, one nozzle, and 500 feet of hose at \$1.00 per foot. In reply to Ald. Raymer, he said the reel in which the old hand fire engine was kept could be used for storage of the new material, if the engine could be disposed of.

It was stated that Mr. Buckland was in correspondence with the City of San Francisco to sell the engine to them, it being one of the pioneer pieces of fire fighting apparatus of that city. (It may be mentioned that the date of the engine is June 4th, 1850.)

Ald. Copeland said he had been making enquiries in regard to the waterman's control clock used by the Kelowna Saw Mill Co., who said that they found it invaluable. A 12-station clock would be suitable for city purposes, with the key stations scattered over the town. The clock would be carried by the night constable, and the paper also inside would be punched at each station with a different kind of punch, thus recording the time of call at each point.

The purchase of a clock was authorized on motion.

Ald. Copeland reported that he was having some holes dug at the sewerage farm to ascertain if bees of gravel could be obtained there.

With regard to inspection of the sanitary conditions of Chinatown, Ald. Raymer stated that Dr. Boyce had been kept so busy with his duties as Police Magistrate that he had not been able as yet to carry out the inspection.

The Mayor brought up the question of better civic office accommodation, improvements to the room now in use had been suggested, and Dr. Keller had offered two rooms with communicating door and separate door to each room into the corridor for \$20.00 per month as against \$15 for the single room now occupied.

Ald. Raymer said Mr. Hewitson had shown him a plan of an up-to-date building which the South Kelowna Land Co. intended to erect next the Belgo-Canadian block.

The Mayor said the rents asked for rooms in the Belgo-Canadian block were so high that it did not look as though anything would be gained by moving. He thought the erection of a City Hall might be taken under consideration.

Ald. Sutherland was of the opinion that a City Hall could be erected adjoining the Fire Hall, as there was plenty of room on the lot.

Ald. Copeland would prefer a site where nice grounds could be obtained, in preference to the site suggested by Ald. Sutherland, but until the City decided to build he favoured re-

maining where they were, as by putting in a counter, the office would meet requirements for the time being.

Asked for his opinion, the City Clerk agreed that the installation of a counter would pretty well meet present needs as then the assistant Clerk could attend to the public without any interruption to the business of the Council, when in session.

By-law 103 was read a third time and By-law 104 was reconsidered and finally passed.

Ald. Taylor said that some people had expressed the opinion that large consumers of electric light should get it at a lower rate than small consumers, which was the practice in Vernon.

Ald. Sutherland entirely disagreed, holding that, as the lighting system was not run at a profit, it would not be right for large consumers to get light at a lower rate than the small consumers who would have to put up the balance. If the system were run at a profit, it would be different.

On motion, Messrs. Cichin, Mount & Co. were appointed City Auditors for the current year at a remuneration of \$150 per annum audits to be made quarterly.

Ald. Taylor expressed himself as in favour of the appointment of a City Engineer at a stated salary, which, he thought, would be a more economical way of having surveying and other work done than the present method, under which engineers charged for half a day, when perhaps it took only half an hour to do the work.

The proposal was discussed at some length, Ald. Raymer pointing out that, in view of the heavy expenditure in sight for school purposes this year, strict economy should be practiced and as few permanent officials appointed as possible.

Ald. Sutherland suggested that the matter might be left over until the Board of Works had made a report on the work to be done, and the suggestion was adopted.

Ald. Blackwood enquired if those shade trees planted last year that had died should not be replaced, and the Mayor replied that all the dead ones should be replaced and as many more planted as possible.

Regarding the dead trees, it was stated that there was an understanding last year that they were to be replaced by the people who supplied them, but none of the aldermen ventured an opinion as to whether the guarantee could be enforced.

Ald. Taylor said he would make a report to the Council later on as to the most suitable kinds of trees to plant. Some of the varieties planted

in past years were entirely unsuitable, and the Lombardy poplars, for instance, should be dug out at once, he thought.

Ald. Blackwood was in favour of all the trees being pruned now except the maples, which bled very much at this season.

Ald. Taylor said he would not like to repeat some of the remarks made about the pruning done to the trees last year. Some of them looked as though a scythe had been passed over them, and the Council this year should get some one to prune the trees that knew something about it.

A long discussion ensued as to planting trees and grading streets, during which Ald. Taylor emphasised the need of establishing proper street grades throughout the city and thus saving much subsequent trouble besides securing the drainage necessary for the maintenance of good roads.

The Council adjourned to meet on Monday, the 18th inst.

Oolachans are running freely in the Fraser, an almost unprecedented event for this season. Hitherto the run has never begun before the end of March or early in April.

To Telephone Subscribers

The Okanagan Telephone Co., Ltd., desires to inform its subscribers that no change will be made in the present rental rates until such time as improvements to the system and service warrant it. The demand of the Company's late Manager for increased rates at the present time was unauthorized by the Board of Directors, and was immediately stopped as soon as it came to their knowledge.

The Company wish to state that it is their intention to give the City and district a system and a service which is both modern and up-to-date, and which will be in keeping with its growing needs. The same regular rates, which are authorized by the Government, and which rule in all other cities in British Columbia equipped with a similar system and service, will apply to the City of Kelowna.

The Board of Directors much regretted to learn that there had been incoincidence and discourtesy on the part of its late Manager towards the Company's subscribers in the Lake towns, and they have taken effectual steps to prevent any recurrence.

By order of the Board,
J. A. RENNIE,
Secretary.
